RESPONSE TO RESTRICTION REQUIREMENT

Honorable Commissioner For Patents
P.O. Box 1450
Alexandria, VA. 22313-1450

Sir:

This paper is in response to the restriction requirement dated October 17, 2005.

The Applicant elects **Group II, claims 26-33 and 42, with** traverse.

The reason for the traversal is that the Examiner has **already twice examined** (and finally rejected (!)) each of pending claims 1-43. The amendments to the claims could hardly have necessitated the restriction requirement at this time since the amended claims are directed to the same data carrier and methods as the original claims. Furthermore, the Applicant's arguments merely pointed out claim language which the Examiner appears to have overlooked, and apparent errors by the Examiner in interpreting the prior art. Correcting mis-interpretation of the claim language or prior art is **not** an "**undue burden**" on the Examiner that would necessitate a restriction.

The election is without prejudice. If the restriction requirement is maintained, the Applicant reserves the right to submit divisional application(s) directed to the non-elected claims.

Serial Number 09/700,656

Having thus complied with the restriction requirement made in the Official Action, and for the reasons given in the response submitted on July 22, 2005, withdrawal of all outstanding rejections and expedited allowance of at least the elected claims is requested.

Respectfully submitted,

BACON & THOMAS, PLLC
